

Anco Equipment-Cheese Press

Drawing is not to scale, please make adjustments on drawing if needed.

Please make notes and adjustment on the drawing or comment section below.

Confirm Cheese Press design	Answer
1. What design? A-Frame or Table Press	
2. Do you require a cage around your cheese molds? (seen typically with round plastic molds)	
3. Number of press heads or pounds of cheese processed at one time?	
4. Dimensions of mold (to configure cylinder disc)	
5. Are stainless or plastic molds to be used?	
6. Do you require heavy duty food grade casters or adjustable ball feet?	
7. Are there any height or width restrictions, doorways, ceilings etc. ?	

Table Top Design Option

Cage Option For Round Molds
